IMPORTANT SAFETY INSTRUCTIONS

When installing or using this fixtures basic safety precautions must be followed. Read **all instructions** before installing fixture. Always follow applicable building codes when installing any light fixture. Due to product variations and configurations, these instructions serve only as a general guide. Refer to factory provided submittals for details.

- This fixture is intended for installation in accordance with the National Electric Code and Local and State Codes and must be installed by a licensed electrical contractor.
- **Do not install this fixture in damp locations.**
- **This fixture is for installation in non insulated ceilings only.**
- To prevent electrical shock, **turn off electricity** at fuse box before installing the fixture.

INSTALLATION – GRID CEILING

- 1. Turn the power off** at the fuse box/breaker panel before installing the fixture.
- Remove ceiling tiles and grid bars as necessary to gain access above the ceiling.
- Lower the fixture into the ceiling grid bar structure so that it rests on the edges of the grid bars.
- Secure the fixture to the grid bar structure with the provided connector brackets (by ALW) **OR** by using fasteners/hanging wire (by others) to secure the fixture to blocking (by others) above the ceiling or the building structure itself according to code.
- While protecting the finished portions of the luminaire that sit below the ceiling, remove the cover from the driver enclosure atop the fixture, pull the building wires through the knockout compartment of the enclosure, and attach the conduit hardware to the enclosure cover.
- Attach building wires to the fixture using the provided quick-connects (by ALW) **OR** by using U.L. approved wire connector. Connect the fixture's neutral wire (white) to the supply neutral. Connect the fixture's line wire (black) to the supply line wire. Connect the fixture's ground wire (green) to supply ground wire.
- Re-install the driver enclosure cover.
- Turn on the power.

NOTE: To determine appropriate lens cleaning solutions specific to this fixture, please download the Lens Cleaning - Chemical Resistance Chart PDF located on the CheckBox product web page at: alwusa.com/checkbox
