

Warranty Policy

Architectural Lighting Works LLC (referred to as the “Company”), warrant their products (i) to meet the performance criteria outlined in the product specifications, and (ii) to be free from manufacturing defects in material and workmanship for the stated warranty period, subject to the terms provided in this Warranty.

The Company will, in its sole discretion, (i) repair any product, (ii) provide a replacement, or (iii) elect to reimburse the amount of the original purchase price. The Company is not responsible for any other expenses resulting from a warranty claim, such as shipping, labor or other costs or expenses to remove, repair or install any defective, repaired or replaced product.

This Warranty is valid and applies only when the Company’s products are (i) properly utilized for their intended purpose as provided in the Product Specification Sheets, and (ii) properly configured, wired and installed in accordance with the Product Specification Sheets, building codes, applicable National Electrical Code (NEC), local codes and applicable UL Safety Standards. This Warranty applies only to the original installation of our products by the original purchaser and is not transferrable.

The warranty period begins on the date of original shipment; if a product is replaced or repaired under this Warranty, the period does not start over, but the warranty period for the replacement product maintains the warranty period of the original product.

- The warranty period for LED Lighting Fixtures is 5 years
- The warranty period for Non-LED Lighting Fixtures is 1 year and excludes all light sources

All lighting technology has some amount of gradual light degradation (output and/or color) over the life of the products. The Company's products are designed to minimize degradation, but some light degradation and color shift is a normal part of the life span of any LED lighting system. Furthermore, LED chips are constantly improving and the product lifecycle is often no more than 1 year.

In the event the Company replaces a product under this Warranty, we cannot guaranty that the color temperature or light output of the new product will match the previously purchased and/or existing installed product.

This warranty is applicable only on fixtures purchased and installed in the USA or Canada.

OUR SOLE LIABILITY WITH RESPECT TO DEFECTS, AT OUR OPTION, IS FOR REPLACEMENT, REPAIR OR REFUND, NOT TO EXCEED THE ORIGINAL COST, OF THE DEFECTIVE PRODUCT.

No person or entity is authorized to make any other warranties, express or implied, relating to our products, including but not limited to any Company employees, contracted sales people or customer service representatives; designers or specifiers; engineers or architects; electricians or installers; and retail or wholesale locations selling the Company's products. How to Make a Warranty Claim

In the event that the original purchaser wishes to make a claim under this Warranty, the original purchaser must contact our Warranty Department at **510.489.2530**. The claimant must promptly submit the completed Warranty Claim Form to us, including proof of date of purchase.
